Safwat Ahmed

Senior Software Engineer | Mobile & E-Learning Platforms | 18+ Years

Cairo, Egypt | +20 100 238 0523 | safwatsoft07@gmail.com | Portfolio

PROFESSIONAL SUMMARY

Senior Software Engineer with 18+ years of experience architecting and delivering large-scale e-learning platforms, mobile applications, and digital transformation projects for government ministries, publishers, and enterprise clients across Egypt, Kuwait, and Saudi Arabia. Specialized in Flutter, PHP/MySQL, and cross-platform mobile development, with a track record of leading full project lifecycles from concept to deployment. Combines hands-on technical depth with team leadership and Agile/Scrum project management to deliver measurable improvements in performance, adoption, and user engagement.

CORE COMPETENCIES

- Mobile App Development (Flutter, Dart) — cross-platform, production-grade applications
- E-Learning Platform Architecture & Delivery — large-scale, multi-country deployments
- Full-Stack Web Development — PHP, MySQL, REST APIs, JSON/XML
- Team Leadership & Agile/Scrum Project Management
- Digital Transformation & Process Optimization
- Stakeholder Management — Ministries of Education, publishers, enterprise clients

CAREER HIGHLIGHTS

- Developed 'Hello Books,' an e-learning platform adopted by 50,000+ students nationwide.
- Published 5 mobile applications on Google Play spanning transportation, education, agriculture, and lifestyle.
- Reduced teacher grading time by 35% through digital assessment systems.
- Delivered large-scale e-learning projects for Ministries of Education in Egypt, Kuwait, and Saudi Arabia.

TECHNICAL SKILLS

- Languages: Dart, PHP, JavaScript, SQL, HTML5, CSS, jQuery
- Frameworks & Platforms: Flutter, ActionScript 3, Bootstrap
- Databases: MySQL, SQL Server, Firebase
- Web: REST APIs, JSON, XML, Responsive Design
- Tools: Git/GitHub, Photoshop, Illustrator, Adobe Animate, Dreamweaver
- Cloud & Deployment: Google Play Console, Apple App Store

PROFESSIONAL EXPERIENCE
